DOWN ON THE OLD TRIANGLE.

GLADYS HALL, '27

1. In the heart of Hoosier-land There's a place we think it's grand, There's a spot which we are proud to call our own There a Tri-an-gle is found, Where our hearts are firmly bound;
2. Oh, the games we like to play, At the clos-ing of the day, In the par-lor of our dear old Teter Hall; Oh, the songs we like to sing Till we make the chapel ring,
3. Oh, we some-times met our doom In the Math-e-mat-ics' room; And we sometimes feel as tho' we had the blues; But we'll buckle in and grin, Tho our pocket books be thin,

Refrain.

And a loyal band of stu-dents tried and true.
And the fel-low-ship of friends the best of all. Down on the Old Tri - an - gle,
For we're hap-py in the ups and downs of life.

Oh, Pals! the times we've had, Down on the Old Tri-an-gle School never seemed so bad;

An' when out in life With it's toil and strife, We'll re-mem-ber our dear Old Tri-an-gle.

RELIGIOUS ACTIVITIES

THE STUDENT CONFERENCE

The Student Conference is the organization in charge of the religious activities of the student body. These activities are divided into two groups; those which maintain a high standard of spirituality on the campus and those which are missionary in character. Every Tuesday evening the Student Conference service is a time of blessing with testimonies and messages from students, faculty or visiting ministers. These services are a source of inspiration and spiritual growth.

Sterl Phinney served as president of this organization until the beginning of the spring term when in Mr. Phinney's absence responsibilities were laid upon Leo Corliss who had been vice president.

The Student Conference officers have the privilege of taking part in active Christian work by conducting services or arranging for groups who go to needy fields in and nearby the city. Weekly services at the County Children's Home are in the charge of Leo Corliss and his staff of helpers; John Hunter conducts Sunday afternoon services at the county jail. Services are held at a factory on Friday noons with Elmer Stockman in charge. Maxine Scott plans services for the Emily Flynn Home while the responsibility for noon-day prayer services and Thursday evening devotions in the dining-hall is assumed by Marjorie Cassel.

Y. M. W. B.

The organization which sponsors missionary activities in Marion College is the Young Missionary Worker's Band. This group purposes to promote missionary interests in the school by encouraging prayer for missions and by keeping students informed of needs on various fields. This is done by prayer services each Wednesday noon and by monthly inspirational meetings. Occasional visits and messages from missionaries have aroused enthusiasm in the interest of carrying the Gospel to those who have never heard.

The services of the Annual Convention were climactic in missionary interest. Dr. Walter R. Williams, a missionary returned from China, brought challenging messages. One of the chief activities of the Band is the support of Rev. F. R. Birch in Sierra Leone, West Africa.

VARSITY QUARTET

W. YOUNG E. HOBSON S. TENNELL H. WISWELL

The organization of a Varsity Male Quartet was effected in June, 1934 as a part of the definite program of publicity to be carried on during the summer months by representatives of Marion College. Those who were chosen to compose this group were: Eber Hobson, of Tuscaloosa, Alabama, first tenor; Woodson Young, of Boston, Indiana, second tenor; Harold Wiswell, of Pontiac, Michigan, baritone; and Shirley Tennell, of Windfall, Indiana, bass.

These men were all experienced in quartet work, although not as a group, so were soon ready to begin their visits to many denominational camp meetings and inter-denominational groups. A full schedule was followed including services at churches in communities already represented in the student body of Marion College. By Gospel messages in song, personal testimonies and appreciations for Marion College, the quartet won a place in the hearts of their audiences and aroused keen interest in the school. Prospective students were solicited and encouraged in plans for attending Marion College.

Tours took the group into many parts of Ohio and Indiana and into Michigan. When school opened in September, many of the group of students were those with whom contacts had been made during summer months.

The value of the quartet's services to the school were so evident that this publicity program was continued throughout the school year. Gospel messages by Harold Wiswell in addition to the quartet numbers and talks in interests of the College made these week-end services a very definite source of blessing to the men of the group as well as to those in churches in all parts of the district.

With more calls for services than they could fill, the men spent strenuous months, crowded with journeys, practice and programs, even to occasional appearances during the week. This group has become a vital part of Marion College in activities and progressive spirit.

MARION COLLEGE COMMUNITY CHORUS

For several years the Marion College Community Chorus, under the direction of Professor Herman Baker, has been a link between the college and the surrounding community. A Christmas and an Easter Cantata are given each year, with a number of presentations each time, for not only is it rendered at the college but also at the First M. E. Church in Jonesboro; the U. S. Veteran's Hospital, and the Methodist Episcopal Church in the city. The accompanists were Mrs. Martha Daugherty, Mrs. Gretchen Parker, Dorothy West, and Jean Louise Scarbrough.

This year a chorus of approximately one hundred twenty-five voices prepared for the Christmas season the Cantata, "The Prince of Peace," by Herbert Spencer Camp. The soloists were Miriam Hollopeter and Betty McDaniels, sopranos; Marie Wilson, contralto; Ray E. Norman, tenor; Richard Wilson, baritone.

The Easter Cantata, "The Story of the Cross" by Dudley Buck was especially appreciated, and one was made to sense again the meaning of Passion Week. The soloists were Betty McDaniels and Ruby Whitecotton, sopranos; Marjorie Cassel and Marie Everest, contralto; Ray E. Norman, tenor; Richard Wilson, baritone.

Because of the splendid work done by the chorus at the U. S. Veteran's Hospital, a new feature was sponsored this year. On Sunday, May 12, Veteran's Hospital Day was observed and the community chorus furnished music in the morning service by singing, "The Heaven's Resound" by Andreas Hofer, "Unfold, Ye Portals," adapted from the twenty-fourth Psalm; and "To Thee, O Country!" by Mrs. John Lane. Dorothy West was the accompanist.

MUSIC-LECTURE COURSE

It was deemed necessary by those in authority to limit the Music-Lecture Course for this school year to two numbers; however, special care was taken not to lower the standard of high quality productions that the Music-Lecture Course committee has established and maintained.

The first of these programs was a Celestia Travelogue given by Dr. A. M. Harding, a well known astronomer from Arkansas University. The Celestial Travelogue took the form of an illustrated lecture which could be understood by anyone, but one which showed very graphically many of the innumerable wonders and majesties of our universe. This lecture was given in the chapel Friday evening, October 27, at 7:00 o'clock.

The second number was another very unique program. A young magician, Mr. Philip Foxwell, demonstrated to the students and many visitors the truth of the oft-given advice that they could not believe their own eyes. Mr. Foxwell has won much favorable comment from the public wherever he has appeared, and no Marion College student disagrees after viewing the ease with which he could tear up a sheet of paper and immediately restore it, and all those other astonishing tricks that magicians perform.

THE MARIONETTE CONTEST

According to the prevailing custom, the sales campaign of the 1935 Marionette was conducted as a contest between the literary societies. As usual, the basis of judging was the number of books sold per member enrolled in each society. The Eurekas were victorious for the third consecutive year with an average of 1.965 books per member while the Amphictyons sold 1.718 books per member.

A silver shield is now in the possession of the Eureka Club to be held until a sales contest is won by the Amphictyon Society. The shield is to become the permanent possession of the society which first wins three contests including the one this year.

The individual honors go to Mary E. Winslow, Amphictyon, selling 14 Marionettes and Dorcas Orem, Eureka, selling 13 books.

AN APPRECIATION
of
OUR CITY AND COMMUNITY

Marion College is greatly indebted to the City of Marion and the various civic organizations of the city for the interest which is shown her. She is especially appreciative of this interest realizing that it is not merely a passive interest but an active one as has been shown so forcibly in the recent "Marion College Month" sponsored by these organizations.

Marion College does not believe this interest is misplaced and endeavors in every possible manner to meet the expectation of these groups and desires their cooperation in doing this.

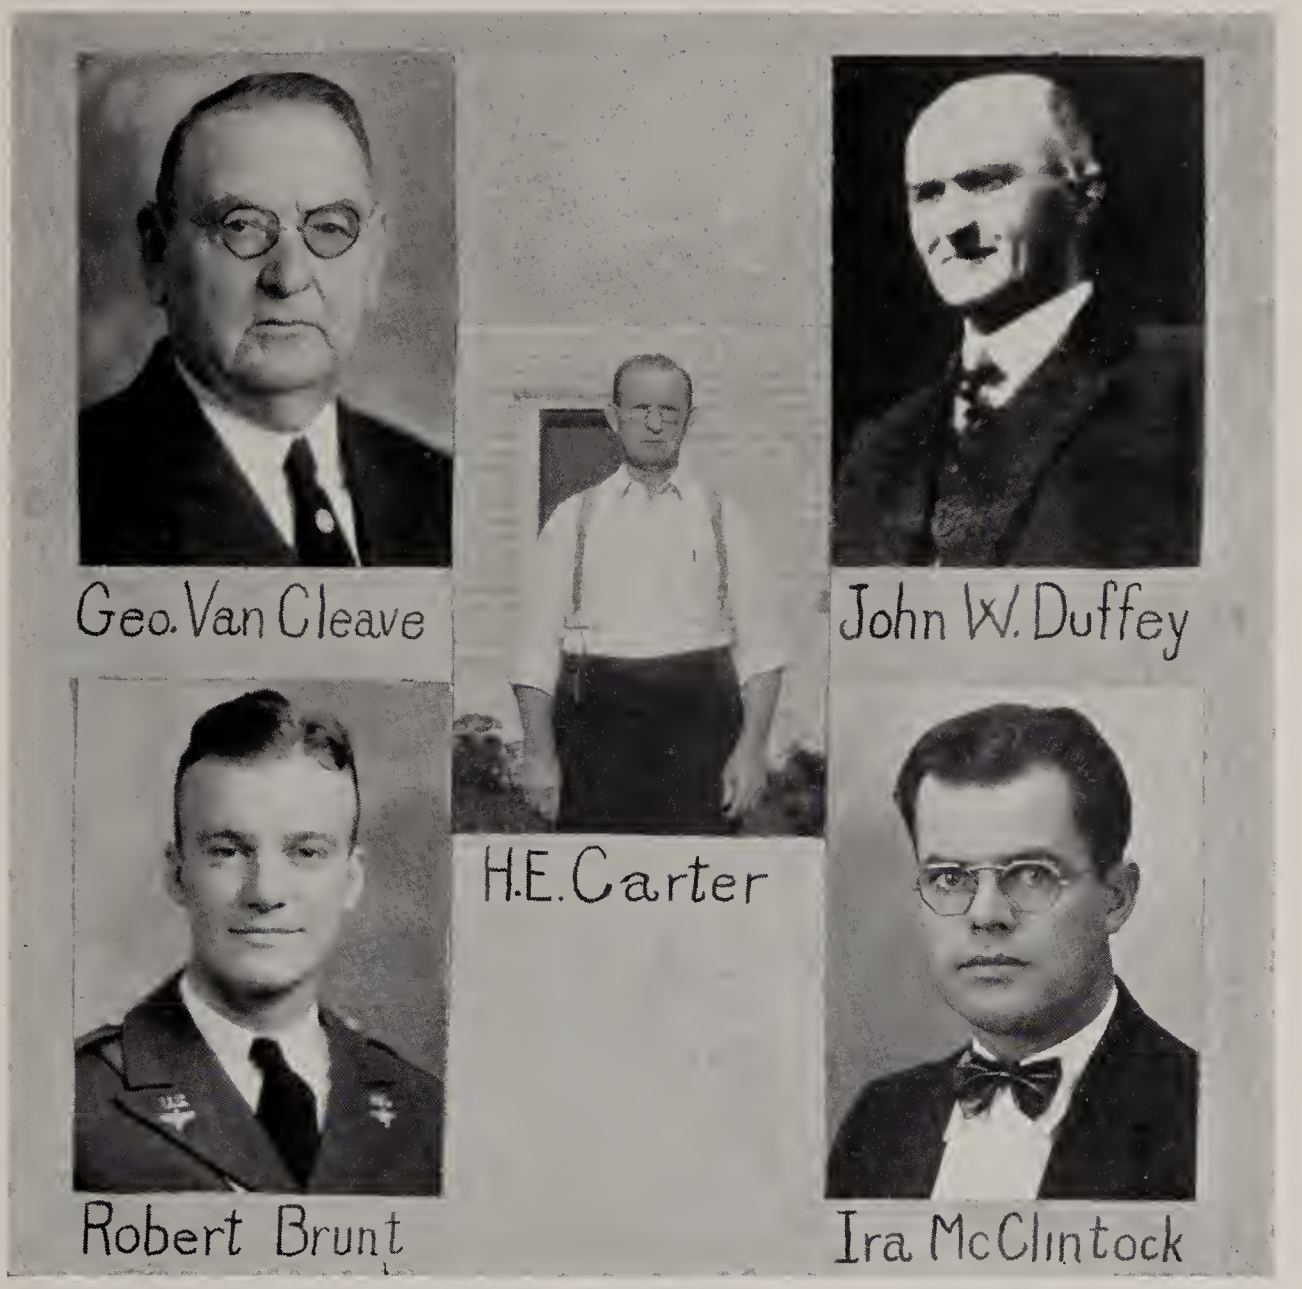
The organization that is somewhat more closely connected with the College than the others, due to its location, is the South Marion Business Men's Club. This Club has benefitted the College both in taking a direct interest in her work and incidentally in performing great service by improving the section of the city in which she is located. It is the purpose of Marion College to return this interest and this service both by cooperating with the Club in a business way and in aiding in improving South Marion as a place in which to live.

Marion College wishes to unite with the South Marion Business Men's Club in honoring those men who in the past have taken such interest in South Marion as a community and to whom the following pages are dedicated by the Club.

IN MEMORIAM

When to the common rest that crowns our days
Called in the noon of life, the good man goes,
Or full of years, and ripe in wisdom, lays
His silver temples in their last repose;
When, o'er the buds of youth, the death-wind blows,

IN MEMORIAM



And blights the fairest; when our bitterest tears
Stream, as the eyes of those that love us close,
We think on what they were, with many fears
Lest goodness die with them, and leave the coming years.

William Cullen Bryant.

CLUB BRIEFS

THE EUREKA LITERARY CLUB has endeavored throughout the school year to maintain the high standards that were set by persons who are now the Alumni of Marion College. The Club has shown its merit again this year in winning the Marionette Sales Contest, by playing some outstanding basketball, the girls winning over the Amphictyons in the school tourney and, also, in doing some very worthwhile work in purely literary fields.

It is the purpose of the AMPHICTYON LITERARY SOCIETY to develop the talent of Marion College students, thereby fitting them for future usefulness. During the past year the society has greatly influenced the social, intellectual, and religious life in the school. Amphictyons are not merely looking back to the remarkable achievements of the past, but are advancing with confidence, believing that there is a bright future for the society.

Science. the study of life in all of its forms, is the single purpose of the SCIENCE CLUB. This is embodied in the departments which go to make up the club: Biology, Chemistry and Physics, and Mathematics. Its aim has been to widen the views of the members while at the same time giving them the opportunity to further delve into their individual interests.

THE LES BEAUX ART CLUB is organized for the purpose of furthering art appreciation in the student body. For its main project this year the Club sponsored an exhibit of German Graphic arts, brought to the College by Mrs. Yvonne Johnson, representing the Carl Schurz Memorial Foundation. The exhibit was well received and included etchings and wood cuts by the old masters, realistic, impressionistic and work in abstract designing.

Among the many organizations of Marion College there is one called THE COUNCIL OF CHEERFUL COMRADES made up of all women residing in Teter Hall. In considering the many social functions on the campus this organization has played an important part by sponsoring parties, dinners, and lectures. The women of Teter Hall feel that this organization has promoted good feeling and closer companionship among the girls.

THE HIKING CLUB serves to arouse enthusiasm for outdoor sports and that most universal means of exercise—walking. Girls show zest in accomplishment of mileage and of physical fitness as the result of 4, 6, or 10-mile hikes. First year hikers find the distance of 100 miles a challenge but the goals of 125 miles for the second year, 135 for the third, and 150 (the ultimate) for the fourth year are still more challenging. A new type of reward is now given; a winged shoe with an "M" and bar is presented to those who complete 100 miles. To this is added one bar for each year's hiking. The fourth year reward, a sweater in College colors, was not won by any hiker this year.

"Speak the speech, I pray you, as I pronounced it to you, trippingly on the tongue." Following a period of inactivity in forensics, Marion College resumed debate activities this year within the school with the organization of the DEBATE CLUB. Marion College received an invitation to participate in the annual debate tournament at North Manchester College, but the club thought it best to confine its activities of the first year to debates within the club. The subject considered for debate was that of the midwestern colleges: "Resolved, that the nations should agree to prevent the international shipment of arms and munitions."

Anyone who comes to the College from states south of the Mason-Dixon line has the privilege of belonging to the DIXIE CLUB, which purposes to create interest in Marion College among the people of the South. During the year several social gatherings brought the Club together and the group gave chapel programs. The members of this organization say, "Come on down South but come by the way of Marion College."

To promote the interests of Marion College in Indiana and to aid in maintain- high standards in Marion College is the two-fold purpose of a newly organized club of this school year, the HOOSIER CLUB. This organization, although of recent origin, has an active membership of approximately seventy-five students and faculty members. This Club has participated in many activities during its brief existence and has high hopes and great plans for the future of itself and Marion College.

THE BUCKEYE CLUB has been organized since 1924 to uphold the standards of Marion College and to further her interests in Ohio. The Buckeyes have participated in all phases of college activity and especially is it to be noted that they are the basketball champions of the State teams. The Ohio students are more closely united by the programs and social functions sponsored by the Club.

Students and faculty members from Michigan are proud to be called WOLVERINES and have organized a club by that name. This group is united in loyalty to the native state and desire to make its influence felt in Marion College. Following the precedent of last year, the Club contributed to the beauty of the campus by planting a tree. Other activities were social gatherings and club meetings.

THE WESTERNERS CLUB made up of those students coming from states west of Indiana, has a membership representing Wisconsin, Illinois, Iowa, Oklahoma, South Dakota, and Canada. The group seeks, not only to make Marion College known throughout the West but to contribute their best in cooperating with other clubs and organizations to maintain the College morals and spirituality.

"Music is not merely rhythmic sound; it is the expression of the soul." The MARION COLLEGE ORCHESTRA was organized for the purpose of presenting opportunities in musical experience. The orchestra is larger and more balanced this year than it has been previously. A string trio has been organized within this group and is composed of Howard Fox, violin; Paul Rigsbee, cello; and Martha Julian, piano. The organization has assisted in various chapel and literary programs, and has given special concerts in nearby cities or over the air.

In the late fall of 1934, the CURRENT HISTORY CLUB was organized to promote a greater interest in the current research and study of history, sociology, and economics and to give inspiration to those students who are enrolled in these departments. Although the Club is a new organization in Marion College, it has justified its existence by monthly programs and other activities. Under the capable advice of Professor Bowman, the club feels that this year has been profitably enjoyed by every one and will continue to grow in the future years.

The organization and membership of the club are as follows: William Howard Weaver, president; Harold Wiswell, vice president: Mary Linder, secretary-treasurer; Prof. Allen Bowman, faculty advisor; Richard Hammond, Gerald Clapsaddle. Horace Ebersole, Rollin Bradford, Glenn Tippy, Paul Noggle, Henrietta Haworth. Stella F. Goodman, Mary Ruth Stone, Florence Piehl, Eber Hobson, Paul Rigsbee, Violet Kercheval, John Wm. Wilson. Russell Frye, Vincent Smith, Russell Klinger, Tilmon Hicks, Maxine Scott, Naomi Flach, Kathryn Krysiak. John Hunter, Paul Lawrence. Evelyn Sowers, Madge Clingenpeel, LeRoy Jacobs, Stanley Taylor, Winifred Cattell, Otta Mae Goodman, Marie Everest, Mary Frances Kanter, Marcel Lewis, Robert Baker, Mary Ellen Winslow, Joseph Shugart, Ruby Williams, Woodson Young, Herbert Kallenberg.

Hundreds each morning I behold
Along the highways stalking;
Many are walking to reduce,
More are reduced to walking!

Leo wants to know why when teachers know something so well, they have to ask someone who doesn't know.

"My dear Miss Hunter, it isn't necessary to open your mouth so widely."

"But I thought you said you were going in with the forceps."

"Well, the forceps are going in but I, myself, will stay on the outside."

Young—I hear you stayed in a haunted house last night. What happened?

C. Martin—About 12 o'clock a ghost came through the wall just as if there was no wall there.

Young—And what did you do?

C. Martin—I went through the other wall the same way.

Have you ever tried facing your difficulties squarely?

Miss Dodd—Tell me one or two things about John Milton.

Vinton Mack—Well, he got married and he wrote "Paradise Lost." Then his wife died and he wrote "Paradise Regained."

"Say Howlett, do you suppose you could learn to sing tenor?"

"No, I'm afraid not, for I sang through a screen door and strained my voice."

Miss Visher—Is Leo polite?

Miss Howell—Say! He is so polite that he takes off his hat in a phone booth before calling central.

"Dick, you sing with so much expression."

"Yes, I always throw myself into anything I do."

Mr. Snyder went to see his physic'an for advice as to how to be cured of the habit of snoring.

"Does your snoring disturb your wife?" asked the M. D.

"Does it disturb my wife!??" echoed Snyder, "It disturbs the entire congregation!!!"

3. Oh, we some-times met our doom In the Math-e-mat-ics' room; And we somotimes feel as

proud to call our own There a Tri-an-gle is found, Where our hearts are firmly bound;
dear old Teter Hall; Oh, the songs we like to sing Till we make the chapel ring,
tho' we had the blues; But we'll buckle in and grin, Tho our pocket books be thin,

Refrain.

And a loyal band of stu-dents tried and true.
And the fel-low-ship of friends the best of all. Down on the Old Tri - an - gle,
For we're hap-py in the ups and downs of life.

Oh, Pals! the times we've had, Down on the Old Tri-an-gle School never seemed so bad;

And when out in life With it's toil and strife, We'll re-mem-ber our dear Old Tri-an-gle.
